

THE ALL-NEW
HECTOR

DESIGNED TO *Surprise*

AVAILABLE IN 5, 6[^] & 7 SEATER

NOW STARTING AT ₹11.99* LAKH

*Prices in INR (Ex-Showroom, All India). Prices Effective from 1st July 2026. Images & depictions are for illustration & representation purposes only. Features and specifications as shown in the brochure are not standard for all variants. MG Motor India urges drivers to follow traffic rules which are meant to keep them safe on roads. *6 seater is available at launch.

There are some things that are built mechanically.
And some that are crafted with human touch.

Designed with intent, with deep thought.
Adorned with tech that greets you like a companion.
And offers the unexpected.

A legacy shaped by the love of over 1.5 lakh families,
strengthened by 6 years of trust,
and proven across 5 billion+ kilometres driven.
A journey that began with India's first Internet SUV,
and continues to evolve.

One that understands your tiniest gestures.
It knows how important comfort is after a long day...
And exactly how to provide it.
It should be as easy as swiping your hand, right?

It understands your moods, your colours,
your important days.
And how to make space for friends and families.
Everything, within your reach.
It's an experience like no other.

A car that runs
With only one goal –
to add ease and delight to your life!

*Advanced Driver Assistance System (ADAS) is not a substitute for human eye and driver vigilance. It is a driver assist system that enhances driving experience and safety. The driver shall remain responsible for safe, vigilant, and attentive driving. [#]FCW alerts the driver of potential collision by detecting pedestrian, bicycle or vehicle in front through visual and acoustic signals. [~]AEB activates braking intervention to help in preventing collision at slow speed or reduce speed of collision by decreasing the vehicle speed by 40 km/h at most (braking intervention for 4 Wheelers only).

The All-New Hector is not only built tough but it also ensures complete peace of mind for you and your loved ones – thanks to a wide range of advanced protective features that reinforce your safety both on and off the road.
